General Information about Checksheet: Superscripted annotation after the course number (1) indicates core course of the degree. Additionally, [F, S, SI, SII, W] in Credits column indicates terms when a course is expected to be offered. Course offerings are subject to change and the availability of sufficient resources. Students should confirm course offerings in advance with the department.

Electives

The ISE degree requires:

- 9 credits of **ISE Technical Electives** from a list,
- 6 credits of **Technical Electives**,
- 3 credits of **Engineering Science Electives** from a list, and
- 2-3 credits of **Free Electives** (2 credits required if MATH 2114 is taken, 3 credits required if MATH 1114 taken).

Only Free electives and courses offered on a P/F basis only (e.g., FA 2004) may be taken under the P/F grading option.

Change of Major Requirements: Please see: <https://eng.vt.edu/em>

Foreign Language Requirements: Students must have had 2 years of a foreign language in high school or one year at the college level (6 credits) of the same language. College-level credits used to meet this requirement do not count towards the degree.

Satisfactory Progress Towards Degree: University Policy 91 outlines university-wide minimum criteria to determine if students are making satisfactory progress towards the completion of their degrees. The ISE Department fully supports this policy.

In addition, upon completion of two semesters as an ISE major, students must have

- a minimum in-major GPA of 2.0 or better (in-major GPA is determined from all ISE and required STAT classes);
- completed ISE 2004 and ISE 2014 (with a C- or better in each).

Statement of Hidden Prerequisites: Prerequisites for each course are listed after the course title. Students must earn a C- or better in ISE, STAT, and MATH courses which are pre-requisites for subsequent ISE courses. Prerequisites may change from what is indicated. Be sure to consult the University Catalog or check with your advisor for the most current requirements. There are no hidden pre-requisites in this program of study.

Course Availability: Course offerings are subject to change; students should consult an ISE academic advisor or the University Timetable for course offerings each semester.

Graduation Requirements: Each student must complete at least 124 semester credit hours with a minimum overall GPA of 2.00 and a minimum in-major GPA of 2.00. (In-major GPA is determined from ISE and required STAT classes).

INDUSTRIAL AND SYSTEMS ENGINEERING ELECTIVE REQUIREMENTS For students entering under UG catalog 2022-23

In selecting electives, students should carefully note that:

- All courses listed under ISE Technical Electives and Technical Electives are 3-credit courses.
- Some courses may not be available to all students due to prerequisite requirements and/or major restrictions.
- Courses with substantial duplication of courses required for the BSISE will not qualify for credit.
- Students pursuing a Minor may need to select specific courses as ISE Technical Electives, Technical Electives, Engineering Science Electives, or Free Electives to satisfy the Minor requirements.
- Technical Elective courses cannot double-count for Engineering Science Elective credit (and vice-versa).

ISE Technical Electives (9 credits required)

The purpose of this requirement is to enable students to develop expertise in a particular area of the ISE discipline.

- Courses must be selected from the list below ([F] or [S] indicates the term when a course is expected to be offered. Course offerings are subject to change and the availability of sufficient resources: check the Timetable of Classes for actual course offerings each semester).

Technical Electives (6 credits required)

The purpose of this requirement is for students to further develop technical skills and to provide the opportunity to focus on a particular technical area by taking electives with significant technical content.

- The courses must be on an A-F basis, unless prior approval (for P/F basis) has been obtained from the ISE Undergraduate Program Director.
- Up to 3 credits can be obtained via ISE Technical Elective courses not being used for ISE Technical Elective credit.
- Courses must be selected as follows:
 - Any 3000 or 4000 level course from AOE, BMES, BSE, CEE, CEM, CHE, CHEM, CMDA, CS, ECE, ESM, MATH, ME, MSE, MINE, NSEG, PHYS, STAT **except** for the following: CEE 4804, CHEM 4014, CS 3604, CS 4214, MATH 4044, MATH 4625-6, MATH 4644, MATH 4664, ME 4454, MINE 4524, MINE 4554, STAT 3005, STAT 3006, STAT 3604, STAT 3615, STAT 3704, STAT 4105, STAT 4604, STAT 4705, STAT 4714.
